Trade Checked Slightly by Rain-

Prices Easier in Some Lines.

On account of heavy rains in the early part of

the day yesterday trade in a few lines started

off slow, and it was noticeable that on some

articles there was a disposition to shade prices,

chiefly on fruits, vegetables, poultry and butter.

weather having started the decline, which will

probably be but temporary. Receipts of all arti-

cles named, unless choice stock, sell a little

slow. In staple groceries strong prices and an

active trade are the features. The hide and

leather markets are both firm. In the latter a

further advance in prices is probable. The flour

market is quiet at unchanged prices. Recent

rains have improved business with the seed mer-

The local grain market shows less activity this

BULLS WERE IN CONTROL

NO DEMAND FOR STOCKS FROM THE PUBLIC AT LARGE.

Individual Shares Were Selected and Prices Were Bid Up, but Earlier Gains Were Wiped Out.

At New York, yesterday, money on call was steady at 41/266 per cent.; last loan, 41/2 per cent.

Prime mercantile paper, 51/266 per cent. Sterling exchange was strong, with actual business in bankers' bill at \$4.87\2@4.87% for demand, and at \$4.831/4@4.831/2 for sixty days; posted rates, \$4.84 and \$4.86; commercial bills, \$4.821/4@4.83.

Silver certificates were 571/2059c; bar silver was 57%c; Mexican dollars were 47c. At London, bar silver closed at 26%d an ounce.

tinued strength during the early hours of the trading, and the covering movement among a large outstanding bear interest continued in active force. The professional opponents of the bears did all they could to take the market away from them by bidding up prices, picking out individual stocks for that purpose to increase the appearance of strength in the market. As the demand from the bears fell off later in the day the fact | Crown Point began to emerge that there was no very eager demand for stocks among the public at large, and prices began to slip downwards. Seeing the hesitancy of the advance, the bears took renewed courage and put out short lines. The fall in prices was considerably accelerated during the last hour and the demand to cover at the declines was sufficient to cause only a feeble rally. The closing was barely steady, and the earlier gains were practically all wiped out. The fall in prices from the top level reached a point or over in a large number of prominent railroad stocks, and, in some of the industrial specialties, ranged from 1 to over 3 points. The railroads running through the late in the day, on account of the general activity and prosperity of business in that ocality and the relatively larger increase in earnings shown by its railroads. Illinois Central, Louisville & Nashville, Southern Railway preferred, Norfolk & Western preferred and Chesapeake & Ohio all showed enefit from this cause and the gains established were better maintained than at other points. Individual strength was shown, also, by Colorado & Southern first preferred, Tennessee Coal, the International Paper stocks, Northern Pacific, the Hocking Valley stocks, New York, Chicago & St. Louis first preferred, American Car, American Linseed Oil and Chicago Terminal. Pullman reacted sharply after its prolonged advance, receding an extreme oints and losing 41/2 net. Consolidated Gas fell 4%, but partly recovered. The local traction stocks and Sugar were sharp sufferers

but stiffened to 6 per cent. before the The coming bank statement is the subject of surmise and observers are unable to figure on any improvement. The movement of ney to the interior shows some falling off, but still continues in that direction on clance, and the course of New York exchange at several important points con-tinues downwards. The subtreasury has taken more from the banks and the appli-cations for anticipated interest on government bonds have proved entirely insignifi

in the late weakness. The reaction was as

much without explanation as yesterday's

closing up of professional operations. Call money ruled at 5 per cent. for most of the

advance, and could only be attributed to the

With no gain in cash resources from any source the condition of the banks can only have been strengthened by a further contraction in loans. The actual rate for de-mand sterling bounded up a full half cent to-day. Cotton bills continue exceedingly scarce and the demand for exchange quite large. This demand is attributed in part to the requirements for remittance on account of the conversion of the Central Pacific securities. The possibility of gold exports depends on how much further this demand shall extend. The rate for demand sterling is now only 4c under that at which gold went out earlier in the year.

There was a notable broadening in the bond market, many quiescent issues coming into activity. The tone is generally strong. Total sales, at par value, were \$2,120,000. Poultry-Hens, 6c; cocks, 4c; young chickens, 6c; hen turkeys, young and fat, 8@9c; young toms, 6@7c; young ducks, 5c; geese, 3c for full feath-United States threes advanced 1/4 in the bid price. Nancy Hanks's Loom.

Breckinridge (Ky.) News. The loom on which Miss Nancy Hanks, the mother of the great emancipator. Abraham Lincoln, did her weaving, is now owned by Dan Smith, of Garfield. The story goes that Nancy Hanks used to make regular trips from her home in Larue county to Stephensport. On her route she would stop and weave cloth for people. It seems that ne of her customers, John Martin, came into possession of the loom, and at the sale after his death it was bought by old George Bruington. In time he died, and the loom was fallen heir to by Mrs. Patsy Macey. At her death the place was sold to Mr. Smith, and the loom was put in with other property. This loom is made of white oak, and all the parts are decayed, except the beam, which is about eight inches in diameter and eight feet long.

Well Treated, Anyhow.

Philadelphia Record. Up around the City Hall they are laugh-ing at the expense of a certain member of the Common Council who went over to New York one day last week to see one of the fluke yacht races. The councilman in question has an exceedingly high opinion of his the hotels were overcrowded, he thought to secure more attention by letting the hotel people know who he was. After signing the register with a flourish, he confided to the clerk that over in Philadelphia he was a member of the City Council. "Oh, don't

"we'll treat you just as well as any of the other guests." The Law Inadequate.

New York Press. "So you," asked the justice severely, "are the two brothers named Powers who threw

worry over that," was the unexpected reply,

The prisoners acquiesced. "A striking instance," continued the justice, with difficulty retaining a judicial de-meanor, "of the Power behind the thrown." It appeared, however, that even in the exigencies of the case, the accused were unable to pass sentence upon the justice.

Millinery Fowls.

Boston Transcript. The manufacturers of millinery fixings seem to think that so long as they manufacture a bird from the feathers of a domestic fowl who dies that others may live they may turn them out of any size-the bigger the better. Some of them seen on the new hats are actually bigger than crows, and they class themselves on sight lump, \$2.75; lump coke, 11c per bu, \$2.75 per 25 | as being a part of the fashionable woman's bu; crushed coke, 12c per bu, \$3 per 25 bu; Bloss- | burden.

An Art Criticism.

WEAKNESS ABROAD AND AN OVER-SUPPLY CAUSED THE DEPRESSION.

Market Was in a Comatose Condition but the Firmness of Corn Held Prices Up.

CHICAGO, Oct. 19 .- Weakness abroad and an oversupply in stock depreciated wheat to-day, but corn came to the rescue and December wheat closed but with 1/4c loss. Corn closed with a gain of 464c. Small receipts and a good shipping demand were the strengthening influences. Oats advanced

%c. Pork declined 10c, lard 5c and ribs 74c. Wheat opened easy and lower. Disappointing cables and the steady increase of local stocks were the main factors against the market. There was very little effort made to follow up the decline, however, and after Coffee-Good, 10@12c; prime, 12@14c; strictly the price had worked off %c, the selling disappeared entirely. Then, for two hours, the market remained in a comatose state, with fluctuations narrow and trades widely separated. During the last thirty minutes the firmness in corn and complaints of poor condition of winter wheat started an upturn which was but feebly contested, and the market closed firm at the best price of the day. The weakness of outside markets handicapped the trade. December opened 1/4 @%c lower, at 70%@70%c, touched 70%@71c, declined to 70%c and advanced to 71c at the close. Chicago received 115 cars, 4 of which graded contract. Minneapolis and Duluth got 853, compared with 837 for the same day last year. Total primary receipts were 1,-299,000 bushels, against 2,652,000 bushels a year ago. The local stock of wheat has increased 700,000 bushels in four days, while several boatloads are en route from Duluth to this port, which will augment the increase still further. Corn ruled firm and active. The market opened a trifle off, in sympathy with the de-

> orced to cover and a rapid advance followed. There was a slight reaction later on profit-taking, but elevator buying, owing to improved shipping demand, started another up-turn and the market closed at the top. celerated the advance. The receipts were 393 cars. Seaboard reported 32 boatloads taken for export. December opened a shade lower, at 31% @31%c, sold sparingly at 31%c, advanced to 32c, sold off again to 31%c, and rose to 321/sc at the clos Buying by shorts and the strength in corn steadied oats. The easiness of ocean rates helped the advance. Cash demand was slow. Receipts were 190 cars. December opened 1/80 lower, at 22%c, advanced to 22% @22%c, and losed with sellers at 22%c. Provisions ruled heavy throughout and prices slumped quite easily when any sell-ing pressure was applied to the market. There was no fresh feature connected with the trade to account for the weakness. Jan-

GOOD CATTLE FAIRLY ACTIVE AT A SHADE LOWER FIGURES.

Hogs Moderately Active and Prices a Trifle Lower-Choice Sheep Find Buyers at Strong Prices.

UNION STOCKYARDS, INDIANAPOLIS Oct. 19 .- Cattle-Receipts of cattle were no quite as large as a week ago or a year ago. About 450 head arrived and a few of nearly the imported. In bottles. Tel. 578. Eggs-Receipts, 9,011 packages. Market dull and all kinds were represented except prime export steers. There was also rather a scarcity of good female butcher cattle. The market opened with no urgent demand and the bidding for good steers, in sympathy with other places, was lower. Salesmen were a little slow in making concessions, but finally took off about 10@15c and a good clearance was made. Other grades were barely steady, but did not show as much change as steers. Common to medium cows and calves15.00@30.00 Hogs-The receipts of hogs were again liberal, there being about 6,500 head, against 5,000 a week ago and 7,600 a year ago. The market opened with a fair inquiry from order men for selected kinds, and a few loads that just suited changed hands at Manufacturers and Redemand, however, was soon supplied and with local packers very indifferent and bidding sharply lower there were not many sales reported until after 11 o'clock. Finally at a general decline of about 5c compared with yesterday the trading was moderately active and all but a few loads changed hands. Quotations:

A Notable Difference. Pittsburg Chronicle Telegraph.

"A yacht is different from a bicycle, said Mr. Penn. "Yes; it is also different from a mule and a ball of popcorn," replied Mr. Pitt, sarcastically; "but what difference had you in mind?"

"It can stand on a tack without punching its tire."
